<th>Brief about the Company</th>
<th>Bentley is the global leader dedicated to providing architects, engineers, constructors, and owner-operators with comprehensive software solutions for sustaining infrastructure. These solutions provide users with the capabilities they need to increase cost efficiencies and maximize the return on their investments in innovation, empowering them to design, build, and operate better-performing infrastructure, which has been Bentley’s mission for the past 30 years. Bentley sustains the infrastructure professions by helping to leverage information technology, learning, best practices, and global collaboration—and by promoting careers devoted to this crucial work. Founded in 1984, Bentley has more than 3000 colleagues and offices in more than 45 countries, had 2014 revenues surpassing $600 million, and, since 1995, have invested more than $1 billion in research, development, and acquisitions.</th>
