Dear Student,

We are pleased to inform you that w.e.f **28<sup>th</sup> January 2013**, Symbiosis Centre for Distance Learning will launch the new version of its assessment engine.

The user interface of the new assessment engine is user friendly and makes the process of taking assignments and examinations simpler than before. The enhanced security features also makes the system more robust and secure.

As part of change management, from old system to the new, all incomplete assignments (i.e. failed or not attempted) will be migrated to the new assessment engine **w.e.f 28<sup>th</sup> January 2013**. The students are requested to complete all assignments which are **in progress, on or before the 21<sup>st</sup> January 2013**. Any in progress assignments will not be transferred to the new system.

Every student will get **one free attempt** to complete the incomplete assignments (i.e. **failed or not attempted**) on the new assessment system, irrespective of the number of attempts utilized for that particular subject, till date. For all successfully passed assignments, the marks are available on your student portal login.

The assignment link will be unavailable from **22<sup>nd</sup> January 2013 to 27<sup>th</sup> January 2013**; hence you are requested to complete all assignments which are **in progress** at the earliest.

We assure you that there will be a smooth transition to the new system and in case you face any technical difficulty, the SCDL team will be there to help you.

Please visit your student centre log in for the demo of the **New Assignment System**.

We request for your cooperation in this regard.
